SIGMA PSI 1.0
SCIENTIFIC. INNOVATIVE. GUIDED. MACHATRONIC. ACTIVITIES

EPSILON

Bringing out the hidden scientists has always been our agenda; therefore, we present to you the compulsory category of SIGMA PSI 1.0: Epsilon.

This competition will test contestants to the extreme, from general knowledge to intricate scientific problems. So, gear up and get ready for a challenge!

Round 1: The first round of Epsilon will test contestants' basic knowledge on topics in Physics, Chemistry and Biology through a series of challenging MCQs and structural questions. contestants will be tested on their spontaneity and accuracy in answering the questions in the field of science.

Round 2: Two contestants from a team will compete in a scavenger hunt, where they will be provided with a series of interconnected riddles. The riddles will test the delegates' analytical and critical thinking as they maneuver through various problems originating from multiple scientific disciplines to reach the final answer. Time and accuracy will play a critical role in this round. Scores from Round 1 and Round 2 will be added and only the top 4 teams will proceed to the third and final round.

Round 3: The third and final round will be a surprise round, but we assure you that we'll keep you on your toes!

Details will be announced on the spot.
